

To All NBHA Texas 22 Members & Contestants;

I want thank everyone for the opportunity of being the District Director for the past year and I appreciate everyone's effort to make the District grow. As soon as the NBHA State Director approves the candidate as the upcoming Director, I ask that everyone gets behind her and supports her in making the District grow and promote the NBHA.

I offer my congratulations to all the 2010 District Award winners for their work and outstanding performances at the sanctioned events. I hope that the awards that were recently presented demonstrate the efforts that each winning member provided.

I have enjoyed the opportunity of meeting new people and the new friendships that have been developed in the past year. I pray that God watches over each and every one of you and that 2011 brings you much enjoyment and success.

God Bless,

Kay
